...the weekly round-up and preview for GAS parents and carers

16 October 2020

## Reminders about Uniform:

Despite the temperature dropping, we must keep classroom windows open in order to keep us all safe. This means students need to wear lots of layers. PLEASE could we ask parents/carers to encourage students to:

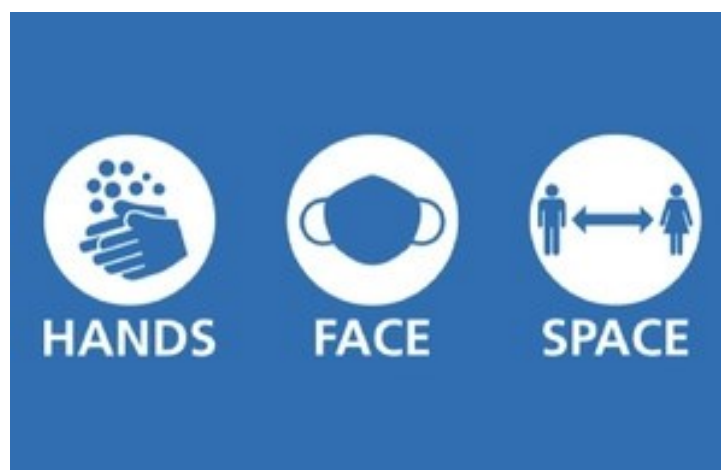

- wear a base layer under their polo shirt
- wear a plain blue jumper or hoodie
- wear a school hoodie, if they have one
- wear a coat
- wear warm socks

Staff will allow students to keep coats on in lessons. We really appreciate your support as we enter the winter months. There also follows two good World Health Organisation videos to show your family about important Covid-19 safety measures.

Following our first reported COVID-19 case in Year 11, we must remain extremely vigilant and do everything we can to keep our families and students safe.

Kate Carriett  
Headteacher

Please encourage your child to watch the following information videos from the World Health Organisation on the importance of wearing facemasks and maintaining a social distance. ## Year 7

### ⇒ WhatsApp Groups

We have had reports of WhatsApp groups in Year 7 that have become large and widespread. Many students have been added to this group without their knowledge or permission. Some individuals in this group have posted comments that are unpleasant and unkind. There have also been reports of inappropriate images being shared on the group as well. It is not possible to know whether the group is solely utilised by Year 7 students or just Gorge Abbot students.

The school does not encourage social media use for anyone under 13, the minimum age for a WhatsApp account is 16. Social media can be used to bully other individuals by making unpleasant remarks that others reply to. It can also be utilised as a tool to exploit young people; this is more concerning in large groups when lots of individuals are added without knowledge of who they are. It is also very easy to share content on WhatsApp that is not age appropriate, such as pornography.

If students are using WhatsApp and other social media platforms, we strongly advise that parents are aware of the any groups that their children access. Parents should ensure children leave groups that are inappropriate and delete all messages associated with that group.

More information and guidance to help support your child if they are using WhatsApp can be found on [parentzone.org](https://parentzone.org).
