- Identify the features of the business –explain its history, what its activities are, where is it based, how many stores it has, how many people it employs, who owns the business.
- Find out its aims and objectives. The company report might help you here.
- Try and find examples to illustrate each aim, i.e. if one aim is to make a profit find out their profit figures in the last year, if another aim is to help society give examples of the charity events they hold. Do you think they have achieved their aims? What is the evidence?
- Identify the stakeholders of the business (anyone who is affected by the business) and explain what each one might want out of the business.
