

Apprenticeships

Apprenticeships are a great way to gain a qualification as well as being paid.

'In essence, an apprenticeship is a job. You'll spend 80% of the working week at your place of employment, and 20% at your place of study. You'll earn a salary, and your course fees will be covered by your employer and the government. You just need to be willing to manage your time between work and study.'

Levels of Apprenticeships

| Intermediate Apprenticeship | Advanced Apprenticeship | Higher Apprenticeship | Degree Apprenticeship |
|--------------------------------|-------------------------|--------------------------------------|---------------------------|
| Level 2 | Level 3 | Level 4, 5, 6, 7 | Level 6, |
| 12 - 18 months | 18 - 48 months | 24 months | 36 months |
| Equivalent to 5 GCSEs 9 - 4 | Equivalent to A-levels | Equivalent to a foundation degree | Equivalent to a degree |

You can apply for an apprenticeship in addition to your five university courses.

You can apply for an apprenticeship after a degree as long as it is in a completely different subject / career to that which you studied at university.
